

FIRST RESPONSE

Read Fire & Medical **Safety** Training

Simple. Convenient. Recognized.

Blended Learning Made Simple

Complete part of your training online at your own pace, then finish with hands-on, in-person skills training.

What is Blended Learning?

Blended learning combines online and in-person training

Complete online → Short in-class session → Practice & demonstrate skills

How It Works

1. Learn Online

Complete your course online at your own pace (broken into short, manageable sections)

2. Attend In-Class Training

Join us for hands-on skills training with an instructor

3. Get Certified

Successfully complete the course and receive your certification

Why People Choose Blended

Less time in the classroom

Learn at your own pace

Easy to fit into your schedule

Focus on hands-on skills in class

Simple & Supported

- Easy-to-use online platform
- Instructor support when needed
- Clear guidance before your course

Available Blended Courses

- CPR C AED
- Basic/Emergency First Aid CPR C AED
- Intermediate/Standard First Aid CPR C AED
